

# Responsibility- Parent Information

Greetings Parents!

Soul Shoppe is teaching about **Responsibility** at your child's school this month.

## The main tools we are teaching are:

- what it means to be responsible
- what it looks like to be responsible at school and home
- common excuses for NOT taking responsibility:
  - "I don't care."
  - "No one told me."
  - "It's all YOUR fault."
  - "I give up."

## You can help your child practice Responsibility by:

- Reviewing the sayings on the book mark that your child brings home (grade 4 and under only)
- Giving your child age-appropriate responsibilities at home.
- Praising your child when he/she is responsible.
- Supporting your child to make wise, responsible choices for himself/herself.
