## Leadership from the Inside Out

What’s my purpose in life?

Who am I as a leader?

How do I follow my dream?

What is success?

How do I get what I really want?

Soul Shoppe provides keynotes, workshops & retreats that will expand the mind, inspire the heart and connect students from the inside out. This is leadership like you’ve never experienced before!

**Are you ready?**

“I have to say I have been involved in many team building retreats, and Soul Shoppe is by far one of the greatest experiences I or my team(s) have ever experienced. I recommend any company, organization, or group to definitely experience their services and grow closer to others and yourself!”

—John Oliver, Murray State University, Summer Orientation Advisor
